(a)(1) Catastrophic Illness. Any illness, injury, or pregnancy or medical condition related to childbirth, certified by a licensed physician which causes the employee to be absent from work for an extended period of time.

(h) Catastrophic Sick Leave. Employees, at their discretion, may donate a specific number of days to the sick leave bank to be designated for a specific employee for use against a catastrophic illness as defined by section. A donating employee shall not be required to donate a minimum number of catastrophic days to the sick leave bank. The recipient employee may use catastrophic sick leave days for himself or herself or for other covered persons as provided in Section 16-1-18.1. Before sick leave days for a catastrophic illness may be used by a recipient employee, the recipient employee shall have first exhausted all sick and personal leave. Donated days shall become available for use by the particular employee who shall not be required to repay the days. Any employee who donates sick leave days to the sick leave bank for a particular employee suffering from a catastrophic illness shall be clearly informed that the donated days are not to be recovered or returned to the donor. If a particular employee does not require all of the days donated to the credit of the employee, the days shall revert to the credit of those employees who donated the days in accordance with the guidelines adopted by the sick leave bank committee. No employee may donate more that 30 sick leave days, exclusive of the provisions allowing employees to deposit an equal number of days (not to exceed five) of his or her earned sick leave into the bank, to the sick leave bank for the catastrophic illness. An employee must be a member of the sick leave bank to donate or receive catastrophic sick leave days.
